high pressure water drain & pipe cleaning

▶▶ DrainMole HIGH PRESSURE WATER, DRAIN CLEANING JET.

Ian Dickie's DrainMole mini jet is a portable Drain Jetter that easily clears clogged drains and pipes using high pressure water. This versatile machine is ideally suited for drain and pipe cleaning in difficult to access areas and because it is driven by a single phase electric motor it is particularly effective for indoor applications such as **apartment buildings, hotels, shopping centres, hospitals etc.** The DrainMole is suitable for clearing lines from 40mm to 75mm and offers an effective 80 Bar pressure with a flow of 8 L/min. *Optional extras include a highly effective pipe cleaning rotating nozzle and a high pressure trigger operated gun, lance with a Variojet nozzle for pressure washing applications.

Features:

- lightweight with carry handle
- suitable for cleaning lines from 40mm - 75mm
- standard retrojet nozzle
- driven by single phase electric motor
- complete with 10m x 3/16 lightweight sewer hose
- low noise with no exhaust emissions
- ideal for work inside buildings, hotels, hospitals etc.

*Rotating Nozzle

*Trigger operated lance

Specifications:
