Measuring Success by Customer Satisfaction

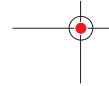

twin drum walk behind roller

▶▶ Hydrostatic TWIN DRUM WALK BEHIND ROLLER

The **Altrad Belle TDX650A Twin Drum Roller** combines high compaction force with ease of operation, making it the number one choice for a wide range of soil and asphalt compaction applications. The compact design and highly responsive drive system allows for precision operation close to kerbs, walls and obstacles, while the strong, reliable 10hp Air Cooled Yanmar Diesel Engine will ensure many years of reliable use.

Features:

- Highly responsive, low-maintenance hydrostatic drive system
- High-powered, reliable, 10hp, air-cooled, electric start Yanmar Diesel Engine
- 16kN High compaction force for productivity
- Recoil Start back-up
- High-quality hydraulic system components
- 65 litre water tank with external gauge
- Wall clearance on both sides with no overhang
- Self-cleaning, adjustable scraper bars
- 18 litre hydraulic oil tank
- Easy access, removable, front and rear water sprinkler system
- Foldable handle with locking mechanism
- Easy to service - remote oil drain. remote oil fill. air cleaner access
- Centrally located lifting eye and 4 x strapping/ lifting points
- Key switch protection.

Specifications:

Model	TDX650A
Dimensions L x W x H (mm)	2318 x 703 x 1137
Weight (kg)	675
Drum Width (mm)	650
Centrifugal Force (kN)	16
Vibration Frequency (vpm)	3300
Water Tank Capacity (L)	65
Oil Capacity (L)	18
Engine	Yanmar
Engine Type	Diesel - aircooled
Starting System	Electric / Recoil Start
