Measuring Success by Customer

reversible plate compactors

▶▶ RPC 45/60 REVERSIBLE PLATE COMPACTOR

Medium size, heavy duty, forward and reverse plate compactor for soil applications. Ideally used for compaction of backfill in pipe and cable trenches as well as road repair and maintenance work. Speed and compaction depth are adjusted through hydraulic servo control of the eccentric element. Design includes strong wrap around frame that will stand severe shock and also protects vital parts of the machine.

Features

- Compact & ergonomic design
- Engine options, petrol or diesel.
- Excellent ergonomomy has been achieved by reducing hand arm vibrations
- Specially designed operator handle which is easy to operate even in difficult curves
- Foldable handle with locking mechanism to simplify transport and storage
