# self loading mobile truck mixer

## ▶▶ IAN DICKIE DB 1200 - 4000 SELF LOADING MOBILE TRUCK MIXERS

The DB series of mobile mixers are extremely robust and are designed to efficiently deliver precise loads of concrete over any terrain. All units use articulated frames with center pivots and are equipped with four wheel drive for ease of use under the harshest operating conditions.

A self loading, hydraulic grab feed hopper handles and distributes concrete efficiently on any surface, while servo-steering and a reversible steering seat increase driver comfort and ease of use.

Units are available with mechanical or hydrostatic drive.

### DB2500

## Specifications

Model		DB1200	DB2000	DB2500	DB3000	DB4000
Ready Mix	Lt	950	1600	2000	2400	3000
Bucket Capacity	Lt	90	140	170	270	270
Water Tank Capacity	Lt	170	230	280	650	650
Unladen Weight	kg	2450	3500	3750	5600	6000
Diesel Engine Power	hp	36	45	51	66	90
Fuel Tank	Lt	30	30	30	55	55
