acoustic leak detection

▶▶ DXMic ACOUSTIC LEAK DETECTION UNIT

DXmic is the latest generation ground microphone from FCS. Building on the excellent reputation of the Xmic, the DXmic features touch screen operation and a wealth of new innovative features. The DXmic has the highest sound quality and supports audio recordings, so playback of any leak noise can easily be accessed via USB. The device comes with a robust carry case which can also be used as a charging station for the device.

Features:

- Best in class sound quality
- Robust housing with carry handle fixings
- Touch screen - Clear multifunctional graphics
- Wireless capability
- USB capability
- Rechargeable Li-ion cells with 15-25 hrs battery life
- Support for audio recording
- User friendly.

Specifications:
