▶▶ IAN DICKIE IDLT8 PORTABLE LIGHTING PLANTS

The Ian Dickie IDLT8 range of light towers are mounted on high-speed trailers and built to road ordinance specifications. They offer a host of features designed to provide dependable lighting for a wide range of applications, from construction sites to remote rural locations, or wherever reliable on-demand lighting is required. These robust units feature a mast height of five metres, four powerful 150-watt adjustable LED lamps and four adjustable stabilizers to ensure stability in high winds. A choice of Petrol or Diesel power is available.

Features:

- Bright energy-efficient LED lights
- 5m rotatable telescopic mast
- Choice of petrol or diesel power
- Trailer mounted
- 4 x Mast stabilizers
- Low fuel consumption

Applications:

- Outdoor events
- Construction sites
- Road repair and maintenance
- Emergency response
- Rural/agricultural sites
- Mining
