high pressure sewer cleaning hoses

▶▶ IAN DICKIE HIGH PRESSURE SEWER CLEANING HOSES

The wear resistant, heavy duty *Ecology 3000 NAM* hose range has been developed specifically for high pressure sewer jetting applications. These hoses are compact, lightweight, and highly abrasion-resistant thanks to the tough polyurethane cover that provides protection against mechanical wear, aggressive environments, and microbiological attack – ensuring a longer hose life in wet, harsh working conditions.

Features:

- Ideal for Sewer cleaning applications up to 210 Bar
- Lightweight compared to rubber alternatives
- Temperature range from -40°C to 60°C
- Excellent cut and crush resistance
- Reduced bend radius
- Optimum wear resistance and longevity.
